

“ Partners in Driver Education ”

8-hour class for beginning drivers. Parents / coaches encouraged to attend.

* Please Bring Permit to 1st Class *

This course will be an excellent supplement to the 100 hours of supervised practice required of novice drivers under age 18 who choose not to take an “ODOT-approved” Driver Education course and prefer *a more flexible program*.

(Please see note below)

Summer 2008

RIVER ROAD PARK - Registration - starting June 2nd - 688.4052

>>> * Please register with River Road Park a week or more prior to the class. * <<<

Held at: River Road Park (Emerald Park) - 1400 Lake Drive, Eugene

Session 1 July 2nd - July 23rd (4 Wednesdays) 10:00 AM - Noon

OR

Session 2 August 5th - August 26th (4 Tuesdays) 6:30 - 8:30 PM

Cost: \$65

This abbreviated classroom course offers a team approach to helping novice drivers and their coaches develop habit patterns that can lead to a lifetime of safe driving practices. Information and up-to-date concepts presented will provide the framework for the beginning driver to continue to learn with the support of a mature, experienced driver. A licensed parent or other driving coach must attend the first class with the student. Parents / driving coaches are encouraged to attend all classes. Guided practice sessions will be assigned each week.

Note: Oregon administrative rules dictate that “ODOT-approved” courses meet highly structured curriculum and scheduling requirements. “ODOT-approved” Driver Education courses must have a minimum of 30 classroom hours and 6 hours of behind-the-wheel training coupled with 6 hours of driving observation. Professional Driving School has chosen to offer an alternative program in an effort to make Driver Education available to more students. We offer quality instruction combined with practicality and flexibility. Our goals are to train students to become safe drivers by establishing good driving habits and to be a resource to parents or other coaches supervising novice drivers. Professional Driving School continues to offer the one-on-one, individualized in-car training that we have provided to the community for the past 30 years.

6 Hours of private, Behind-the-Wheel instruction - \$265

(Counts toward 100 hours of practice)
